

Woman of God

Dawn Ginese, 3/9/12

Woman of God, seeking His face

Pour out your heart sharing His grace

Woman of God, thank you, for being a friend

Sharing the truth, always in love

Simple kind words, even when they're tough

Woman of God, thank you, for being a friend

Strength and honor, wisdom and kindness

And a woman, who fears the Lord

Let her be praised, let her be praised

Though others may doubt, you lift me up

You remind me, in God I am free

Woman of God, thank you, for being a friend

Your words are like oil, healing my soul

You are so full and you overflow, on me

Woman of God, thank you, for being a friend

Repeat: Strength and honor...
